Abstract

I am a student of Software Engineering at Shenkar College, currently during my second semester of the second year (four more semesters left until graduation). I have finished my first year with a very high-grade average of 98 points. I am very ambitious to learn and develop in the field of computers in general, and software and coding - in particular. I am looking for a student position that will leverage my skills in my fields of interests.

Education

- **Shenkar College,** 2020 -Today, Bachelor of Science degree student in software engineering. Finished the first year out of four with a very high average of 98 points..
- **Amos de Shalit High School,** 2009-2011, full matriculación certifícate with a high weighted average of 102 points. Advanced studies in the scientific fields of Mathematics, Physics and Chemistry.
- **Anglo-American School of Moscow**,2007-2009, private education at an international school, all studies were in English, granted a certificate of excellence for every year.

Military Service

2012-2015 full military service as a combat soldier at the infantry brigades of the Nachal division. Constant Security operation along all borders of Israel and combat activity at IDFs operations: "Pillar of Defense" and "Protective edge".

Experience

- <u>2018</u>, office clerk, **Discount Bank**, suppling costumer service at the cash register, financial activities for the costumer on their account, management of domestic mail, treatment of returning checks.
- <u>2019-2020</u>, Assistant to the judge, **Tel-Aviv Municipal Court,** deep learning of the cases managed by the judge, writing an evidence review, making legal research, wording of decisions and rulings.

Computer Skills

- **C Language,** knowledge of programming in C language.
- **C++ Language,** knowledge of programming in C++ language.
- **HTML, CSS, JavaScript, PHP –** basic knowledge and familiarity with front-end web development.
- **Assembly,** basic knowledge on coding in assembly language, mostly on mano machine.
- **Office**, full experience of office programs Word and Outlook. intermediate skills in excel. fast typing.

Languages

- **Hebrew:** mother tongue.
- **English:** fluent speaking reading and writing.
- **Russian:** fluent speaking.
